## About our **B.Tech CSE**

- The B.Tech CSE (Bachelor of Technology in Computer Science and Engineering) program is designed to prepare students for the role of software developers for the FUTURE that's already knocking the door.
- We believe a product is of no value if the end-user doesn't benefit from it- so our "modern" curriculum places a strong emphasis on equipping individuals with the ability to envision Future Products ,design & put Life in them.
- Students enrolled in this program will not only gain expertise in Software Development and Technology, but will also dedicate time to developing essential Soft Skills (need of the hour).
- We intend to empower them with effective business acumen to understand the functioning of organizations by acquiring these comprehensive skills, which takes them to top-notch leadership positions.

## Career Opportunities

Software Developer/Engineer	8 - 10 LPA+
Data Analyst/Data Scientist	8 - 12 LPA+
Cybersecurity Analyst	8 - 11 LPA+
Web Developer	8 - 12 LPA+
